- 2. TERMS** The terms of sale are payment on the day by coin of the realm, **cheques by prior arrangement only**, bankers' draft or Credit/Debit Card (see General Conditions of Sale). Any animals in the sale premises which are sold by private treaty after the auction are subject to the full commission on the price realised and all such transactions must be passed through the auctioneers.

best approached from the motorway network via junctions 18 or 19 off the M6. Alternatively, those travelling from the North may find it more convenient to use the new M60 Manchester orbital route, and to follow the A34 south through Wilmslow and Alderley Edge, turning right on the A537 at Monks Heath traffic lights. By rail, travel from Crewe or Manchester Piccadilly on the local service, which stops at Chelford Station adjoining the Centre. By air, the Centre is less than 10 miles from Manchester Airport, from where transport can be arranged upon request.

4. **REFRESHMENTS** Hot and cold refreshments will be available on sale day in the market restaurant, open from 7.30 am.
5. **SALE CONDITIONS** The National Conditions of Sale recommended for use in markets by the Livestock Auctioneers' Association (LAA) are applicable to all sales conducted at Chelford, except when otherwise stated, and only insofar as they are not inconsistent with the conditions of sale printed, or referred to, in this catalogue, or announced prior to the fall of the hammer.

Intending purchasers should not bid for, or buy, any lot or lots unless they are familiar with all conditions of sale, and agree to be bound by them.

In the event of any dispute, the auctioneers reserve the right to refer the matter to an independent arbitrator appointed by the LAA, whose decision shall be final and binding on all parties.

BELTEX

THE STANDARD OF EXCELLENCE

General Appearance

The Beltex is a medium sized sheep, long in body. It is wedge shaped from a narrow shoulder to a distinctive large double-muscled hind quarter.

Head

The head is generally white in colour but may have black, blue or brown shadings or patches. Colour is irrelevant to quality. The fore face is short and thick.

Neck

The neck is thick and short.

Body

Well muscled shoulder. A wide back and long barrel shaped body

Gigots

The distinctive characteristic of Beltex Sheep is the double-muscled hindquarters, sloping pelvis, low set tail, deep flushed, well rounded and full of meat. The excessive hindquarter development when compared to the line of the shoulders gives a wedge shaped appearance.

Legs

Sheep should be mobile and capable of natural service. Joints should be straight and sound. Legs are usually white but colour is relevant. Feet tight. Pasterns upright. Fine bone structure.

Fleece

Tight, dense of medium staple length, affording a good protective birth coat to the lamb. A medium to tight fleece is tolerated.

Bone

Fine bone is a desirable characteristic.

Teeth

Teeth are scored on a 1 to 5 scale, where 1 is extreme and 5 extreme overshot, with 3 being perfect. Only animals with a score of 2, 3 or 4 are considered acceptable.
