From 1st April 2019 the Texel Sheep Society has been providing performance recording services directly to our membership. AHDB-Signet introduced the new National Terminal Sire (NTS) Evaluation this year for all terminal sires breeds within the UK. The Society has agreed to support this new evaluation by providing Pedigree Texel data and so NTS forms the base evaluation for British Texel flocks.

When looking at rams EBVs in the catalogue this year please remember that the introduction of the new evaluation has caused some changes to the indexes and figures from what they have been previously.

- The Terminal Sire Index and Traits have now been rebased
 EBVs and indexes have been rebased to the average Texel animal in 2010.

 You will find that all animals index will have 'fallen' in number. With Top 10% animals having an index of 210 compared with the 361 it was before the change.
- Meat traits are now based on a fixed weight rather than age
 Animals now have their muscle/fat EBVs predicted for a fixed carcass weight rather than at a fixed age.

When buying a ram, buyers should use the breed benchmark to identify where an animals Estimated Breeding Values (EBVs) rank within the breed.

The aim of EBVs are to allow buyers to see how much of an animal's performance is due to its breeding (genetics) and how much has been influenced by the environment that they have been kept in – management, feeding, farm location, housing etc

An animal will pass on half of its genetic merit to its offspring.

eg, if Ram A has a Scan Weight of +3.33 then his progeny at scanning will be over

1.5kg heavier than average

DISPERSAL SALE OF THE ERNFORD COMMERCIAL FLOCK

ON BEHALF OF BURES FARM PARTNERS

(Non MV Accredited)

Comprising - 159 Texel Cheviots (flock ages); 20 Cheviots (flock ages); 120 (of which 85 shearlings)

Bleu du Maine and Millennium Blue X (strong maternal instinct and great milkers) & 75 ewe lambs (March born- only grass fed)

Bleu du Maine and Millennium Blue X (strong maternal instinct and great milkers).

The heart of the flock was started from purchases at the Attonburn (Kelso) flock which are nationally renowned for the Cheviots and Texel Cheviots. Bloodlines are still the forefront of the flock

We have recently concentrated on flocks Bleu du Maine & Millenium Bleu pedigree sheep and have covered the ewes using pure bred Millennium Bleu and Bleu du Maine rams with great success. Four of these rams used on the flock could be available for the winter warmers sale, giving someone a great start-up business.

Health Status:

- All sheep have been scanned in lamb on 24th October 2019 and will be due to lamb from mid-January onwards. They have had their 2019 Heptavac booster prior to the sale.
- The ewe lambs wormed (fluke and all worms) 7th October 2019. All electric fenced trained, full Heptavac programme, all grass fed.
- The progeny of ewes have topped Colchester market in each category twice this year, notably standing out for their fleshing ability.

The Commercial flock is only now for sale as the farm business will be concentrating on the pedigree Ernford flocks.

(Incorporating the Auctioneer's Terms and Conditions)

- The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
- 2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.

- 5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
- 6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
