From 1st April 2019 the Texel Sheep Society has been providing performance recording services directly to our membership. AHDB-Signet introduced the new National Terminal Sire (NTS) Evaluation this year for all terminal sires breeds within the UK. The Society has agreed to support this new evaluation by providing Pedigree Texel data and so NTS forms the base evaluation for British Texel flocks.

When looking at rams EBVs in the catalogue this year please remember that the introduction of the new evaluation has caused some changes to the indexes and figures from what they have been previously.

- **The Terminal Sire Index and Traits have now been rebased**
*EBVs and indexes have been rebased to the average Texel animal in 2010. You will find that all animals index will have 'fallen' in number. With Top 10% animals having an index of **210** compared with the 361 it was before the change.*
- **Meat traits are now based on a fixed weight rather than age**
Animals now have their muscle/fat EBVs predicted for a fixed carcass weight rather than at a fixed age.

When buying a ram, buyers should use the breed benchmark to identify where an animals Estimated Breeding Values (EBVs) rank within the breed.

The aim of EBVs are to allow buyers to see how much of an animal's performance is due to its breeding (genetics) and how much has been influenced by the environment that they have been kept in – management, feeding, farm location, housing etc

An animal will pass on half of its genetic merit to its offspring.
eg, if Ram A has a Scan Weight of +3.33 then his progeny at scanning will be over 1.5kg heavier than average

British Texel Breed Benchmark 2019

Trait	Average	Top 25%	Top 10%
Terminal Sire Index <i>Combines traits to allow breeders to select rams who will breed more profitable slaughter lambs</i>	150	182	210
Scan Weight (kg) <i>Breeding Potential for growth, measured at scanning</i> <i>Rams with higher EBVs produce lambs that are heavier at time of ultrasound scanning</i>	3.33	4.94	6.39
Muscle Depth (mm) <i>The amount of muscle present across the loin at a fixed carcass weight.</i> <i>Can be used to assess overall lean meat yield.</i>	-0.07	0.37	0.76
Fat Depth (mm) <i>The amount of fat present on a carcass at a fixed weight. Negative values indicate animals who will produce leaner animals, Positive values indicate fatter carcasses</i>	-0.28	-0.06	0.13
CT Gigot Muscularity (mm) <i>Breeding potential for gigot shape</i>	0.12	0.67	1.16
Litter Size <i>Number of lambs born to increase prolificacy</i>	0.05	0.08	0.11
Eight Week Weight (kg) <i>Breeding potential for growth to 8 weeks of age</i>	1.3	1.93	2.51
Maternal Ability <i>The ewe's maternal ability – Milk production and maternal care – expressed by lambs performance to 8 weeks</i>	-0.01	0.2	0.39

Remember EBVs and indexes have been rebased are now expressed relative to average Texel Sheep in 2010

HAYMOUNT FLOCK

W JACK ARNOTT

In 2019 the Haymount flock sold 70 shearling rams, 55 of which were sold at Kelso. In ring 5, our pen averaged £1006, selling to a top of £6,500 to the Harestone flock.

We are pleased to present a group of quality gimmers for the Kelso Christmas Crackers sale. They are sired by proven stock sires, who's genetics have consistently performed at the top level of both the shearling and ram lamb markets in recent years. They are mostly inlamb to our new stock sire, Usk Vale Crackerjack, who we hope will breed something special.

All gimmers have been vaccinated with Heptavac P, Cevac and Toxo vac, and will have their individual scanning details available at the sale.

BRONTEMOOR FLOCK

JM & SM PRIESTLEY

We have decided to sell 10 quality in lamb gimmers for the first time in 25 years of the Brontemoor flock. Our aim is to breed high end commercial stock rams with size, carcase and good skin.

They are all in lamb to our new stock ram Logie Durno Braveheart who won Champion and was purchased for 6000gns NSA Ram Sale 2019.

Logie Durno Braveheart has already produced some top quality ram lambs which are being used throughout the Logie Durno flock this year.

This is a great opportunity to buy genuine stock gimmers with size and quality to go on and breed well.

All gimmers are Toxo and Enzo vaccinated and are on the Covexin8 system, and are eligible for export to Northern Ireland.

MERSHOTT & ROXBURGH FLOCKS

GORDON BROOKE ESTATE & JOHN ELLIOT

Through the use of performance recording and selecting sheep with higher growth and lambing ability we have bred a type that can compete for growth with sires of any breed and still gain top premiums at slaughter.

The sires that we have used in recent years have been amongst the highest performers in the UK as well as some of the top selling rams to be sold in public auction. The aim of the flock is to breed sheep that are born easily, grow quickly and leave maximum return to their commercial purchasers.

Our 2019 ram sale results:

Kelso – 34 Shearlings averaged £1757

Carlisle – 9 Shearlings averaged 2078 gns

This draft gives the opportunity to buy genuine stock gimmers that have not been pushed so they will go on and breed well for their new owners. They are in lamb to the joint highest priced shearling in the UK this year, 10,000gns Canllefaes Bright Spark.

The gimmers are on the Heptavac P system and have been vaccinated with Cevac and Toxovac.

GREENALL FLOCK

MESSRS GREEN

This is the second year we will be offering gimmer from the flock. They have all been naturally reared and will hopefully go on and do well in other flocks. This year the flock has achieved the joint top price of £8500 Kelso for Greenall Billy Whizz and averaged £1500 for 17 rams. We have sold a total of 43 shearlings to average over £1050. The gimmers are from consistent breeding families that will breed sheep with scale, carcase, tight skins, quality and flash.

In the past four years gimmers have bred rams to £5000, £4400, £3600, £2100, £2000 and £1800.

HEALTH AND SAFETY RULES HARRISON & HETHERINGTON LIMITED NOTICE TO ALL VISITORS AND TRADERS PLEASE READ AND OBSERVE THE FOLLOWING

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. **PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.**

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
