The aim of EBVs are to allow buyers to see how much of an animal's performance is due to its breeding (genetics) and how much has been influenced by the environment that they have been kept in – management, feeding, farm location, housing etc

An animal will pass on half of its genetic merit to its offspring.
e.g., if Ram A has a Scan Weight of +3.33 then his progeny at scanning will be over 1.5kg heavier than average

12.8 The initial entry ratio restrictions for the National Sales will be as detailed with the pre entry form.

12.9 Vendors sale entries are decided by the Society applying the initial entry ratio to the average number of birth notifications for the vendors flock, received in the three previous years from year of sale. New members and expanding flocks have the right for appeal. The Society reserves the right to amend entries as required. For 2020 this may include a cut back of vendors, due to COVID 19 social distancing rules impacting on each different venue/sale capacity. The Society will endeavor to ensure any additional cut back of vendors is carried out fairly.

12.10 Ballots for all National sales will be drawn by the Societies Chief Executive in sale order based on pre sale entries with notification placed on the society website prior to opening of main entries. The system for each national ballot is as follows:

12.10.1 **Northern Ireland National Sale, Ballymena.** In 1999, the names of all vendors entered in the sale, in each section of the sale, were drawn in a straight ballot. This ballot was then divided into thirds within each section and each third given a unique colour code. In the year 2000, and subsequent years, the colour-coded thirds will rotate backwards by one (each year) and the vendors within each third will be drawn by a fresh ballot each year. Any new vendors will be drawn at the beginning and end of each sale section in equal proportion and will then join the relevant colour-coded section. Any vendor not presenting their consignment for sale will keep their position within their colour-coded section in the ballot providing they present their consignment the following year. If a vendor does not present his consignment for 2 consecutive years, the flock will be regarded as a new vendor.

12.10.2 **Scottish National Sale, Lanark.** The ram lamb section of the Sale will be drawn in a straight ballot with the first and last twenty vendors in the section the previous year entered in the draw after the first and last twenty vendors are drawn in the current year. The gimmer and shearling ram section will be based on a straight ballot with the first ten and last ten vendors in the previous year entered in the draw after the first ten and last ten vendors are drawn in the current year.

12.10.3 **English National Sale, Worcester & the Welsh National Sale, Welshpool.** Each section of the Sale will be drawn in a straight ballot with the first and last five vendors in the section the previous year entered in the draw after the first and last five vendors are drawn in the current year within each section.

12.10.4 Flocks that have a junior membership may be balloted with a known family adult membership flock, unless the junior flock has greater than 1 entry allocated. Adult flocks cannot move to the junior membership ballot.

12.11 All vendors to fully comply with any conditions of sale being imposed by Government bodies or the Auctioneer.

12.12 All pre entries and main entries must be made online and the entry fee detailed for each sale will be collected by Direct Debit.

12.13 It may be necessary for the Show and Sale format to be amended. The Society reserves the right to make any alterations as is deemed necessary up until the time of the sale.
