## **Kiltariff Texel's**

We'd like to thank the consignors of the January Gems for offering the exciting opportunity to join this well established annual sale of females. Our first Gems consignment offers a number of females from the best breeding lines within our flock which normally would not be offered for sale. These come in lamb to the 5000gns Corskie De Niro, purchased at Lanark '20 for his length, power and skin. The Kiltariff flock was established in 1985. Foundation ewes were selected on sound commercial traits and breed character, principles which we have continued to focus on over the years. Our flock has had success at many shows and sales over the years , including the NI Premier Sale Supreme Champion twice in the past 10 years and also Reserve Champion in the NI Flock Competition.

All Kiltariff females have been vaccinated with Enzovax, Toxovax and Heptovac P. A Heptovac P booster will be due 4-6 weeks prior to lambing.  
Enquires and visitors always welcome.
