

NITBC Enniskillen

UFM Enniskillen

on

Saturday 16th September 2022

Sale at 19:00

**OFFICIAL AUCTIONEERS
UFM Enniskillen**

Lackaboy, Old Tempo Rd, Enniskillen BT74 4RL

Tel: 028 6632 2218

CONDITIONS OF SALE

All sheep will be sold under the Auspices of the Texel Sheep Society and the Conditions of sale relevant to individual sales as shown below. These can be viewed at texel.uk/societyrules

Auctioneers also display copies of the Conditions of sale within the auction house.

DISCLAIMER

The pedigree, performance, genomic information stored by the Society in the iTexel database and published on society pedigree certificates, reports and general publications is as supplied by, or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not with the British Texel Sheep Society Ltd (BTSS).

Health information and footnotes that are stored in iTexel and published in sales catalogues produced by the society, is supplied by or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Texel Sheep Society Ltd (BTSS).

Performance data and breeding values change over time as new data becomes available.

Whilst every effort is made to ensure accuracy of the information contained in society reports and publications, no responsibility can be accepted by the Society for any errors or any reliance on the use of information. No warranty is given in respect thereof by the BTSS and, to the maximum extent permitted by law, the BTSS have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained or omitted from BTSS publications.

Inbreeding within the national pedigree Texel flock

Use the Mating Predictor Tool now on iTexel

Members are encouraged to use the mating predictor on iTexel to manage levels of inbreeding within their flocks. You cannot assess ewe/ram combinations by eye. The Mating Predictor estimates the inbreeding value of the offspring from a particular pairing.

The predictor is available on your smart phone as well as desktop

To check the ram(s) you're interested in purchasing and see how they combine with your ewes:

1. Login to iTexel, click Mating Predictor
2. Choose 'New Combination' to select a Sire and Ewes
3. Click 'View Results'
4. A summary will appear with the number in brackets displaying the predicted inbreeding coefficient. A coefficient below 7 is desirable

Inbreeding can be defined as the mating of related individuals, or of individuals with shared ancestors. A balance needs to be maintained between selecting animals to optimise rates of genetic gain and minimise levels of inbreeding.

Increasing levels of inbreeding can result in inbreeding depression, where performance can suffer. It can be argued that any animal is only one mating away from being outbred.

Each animal's inbreeding coefficient value is now displayed in the sales catalogue. The lower the level of inbreeding the better; a value of 7% or below is regarded as an acceptable level of inbreeding within a breeding programme.
