MINIMUM BID

Gimmers: 300gns	Ewe Lambs: 200gns
Shearling Rams: 300gns	Ram Lambs: 300gns

RAM FERTILITY GUARANTEE

All sheep will be sold under the Auspices of the Society and the conditions of sale relevant to the sales centre – either IAAS or LAA which can be view in the Market Office or upon request

EXPORT NOTICE

From 1st January 2021, Lawrie & Symington Limited are not able to offer direct export for sheep due to new exporting rules. If you are a buyer from Northern Ireland, Eire, or the European Union then sheep cannot be moved direct from a sale. Please remember that purchased rams will be required to return to their original farm (vendor) for 60-days and females should return for 30-days before export can be allowed. Please consult the vendor to check if they are willing to assist with this and what cost will be involved

NO Direct Export or Vendor Returns will be available

Disclaimer – The export of sheep is the responsibility of either the purchaser or the vendor and NOT Lawrie & Symington Limited, or Texel Sheep Society or Scottish Texel Sheep Breeders Club

TEXEL SHEEP SOCIETY - CONDITIONS OF SALE

All sheep will be sold under the Auspices of the Texel Sheep Society and the Conditions of sale relevant to individual sales as shown below. These can be viewed at www.texel.co.uk/societyrules

Auctioneers also display copies of the Conditions of sale within the auction house.

DISCLAIMER

The pedigree, performance, genomic information stored by the Society in the iTexel database and published on society pedigree certificates, reports and general publications is as supplied by, or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not with the British Texel Sheep Society Ltd (BTSS).

Health information and footnotes that are stored in iTexel and published in sales catalogues produced by the society, is supplied by or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Texel Sheep Society Ltd (BTSS).

Performance data and breeding values change over time as new data becomes available.

Whilst every effort is made to ensure accuracy of the information contained in society reports and publications, no responsibility can be accepted by the Society for any errors or any reliance on the use of information. No warranty is given in respect thereof by the BTSS and, to the maximum extent permitted by law, the BTSS have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained or omitted from BTSS publications.

The Texel Sheep Society provides performance recording services directly to its membership and continues to support the National Terminal Sire Evaluation

Traits Available	Average	Top 25%	Top 10%
Litter size Indicates prolificacy, number of lambs born alive/dead	0.06	0.09	0.12
Eight-week weight (kg) Growth rate to eight-weeks of age (measured between 42-84 days)	1.72	2.32	2.86
Maternal ability Milk production and the ability to rear lambs	0.05	0.23	0.40
Scan weight (kg) Growth rate to 35-40kg, measured at ultrasound scanning	4.41	5.93	7.29
Muscle depth (mm) Carcase muscling across the loin at 35-40kg, measured by a technician	-0.06	0.37	0.75
Fat depth (mm) Carcase leanness across the loin at 35-40kg, measured by a technician	-0.38	-0.18	-0.01
Gigot muscularity (mm) Thickness of muscle around the gigot, indicating shape; measured by a CT Scanner	0.07	0.38	0.66
Terminal Index Profitable slaughter lambs	167	197	224

The aim of EBVs is to allow buyers to see how much of an animal's performance is due to its breeding (genetics) and how much has been influenced by the environment that they have been kept in – management, feeding, farm location, housing etc

An animal will pass on half of its genetic merit to its offspring

e.g., if Ram A has a Scan Weight EBV of +3.33 then his progeny at scanning will be over 1.5kg heavier than average

SCOTTISH TEXEL SHEEP BREEDERS CLUB

CONDITIONS OF SALE ENTRY

1. All consignors must be fully paid members of The Scottish Texel Sheep Breeders Club. Annual subscription is £10.00 per annum.
2. All sheep to be Maedi Visna accredited flocks and must be accompanied by the relevant documentation.
3. All female sheep **MUST BE FULLY REGISTERED** and all male sheep to be fully registered or birth notified and thereby eligible for full registration with the Texel Sheep Society.
4. Adult sheep entered at Shows and Sales under the auspices of the Texel Sheep Society must be bare clipped after 1st April each year.
5. All sheep will be subject to a club inspection. Any animal or group of animals, which do not reach the club standard, will not be eligible for sale. **The decision of the inspectors will be final** and any animal or group of animals failed will be removed from the sale and forfeit the entry fee and failure to accept the inspectors decision will result in the entire consignment being rejected. When an animal is referred to a Veterinary Surgeon, his decision will be final.
6. No dressing, artificial whitening, clipping or excessive use of dips on the fleeces of sheep will be permitted. An inspector may be present at the sale with the authority to disqualify any sheep, which in **his opinion**, are below a minimum standard with regard to breed type or are found to be contravening the Society Bye-laws, right up to the point of sale.
7. Each vendor will be limited to a maximum of 6 Ram Lambs Only.
8. All sheep shall be penned by 8.00a.m. on Thursday 15th September 2022.
Inspection will commence at 8.00a.m., with the pens.
9. The Society requires that all pedigree Texel sheep carry two ear tags, in accordance with current government regulations, each clearly identifying the breeder's unique UK flock number and the Society flock book number allocated to that animal. One of the tags shall be an EID tag and the other a visual tag. Any animal with incorrect or indistinct identification or only carrying one tag will be rejected unless the Society has been notified in advance of the inspection and a dispensation certificate accompanies the animal to the point of inspection. Animals born prior to January 1st 2011 can be identified with a tag plus a tattoo for Society purposes. Hand written tags will not be acceptable for animals born after December 31st 2010. The decision of the inspector shall be final and failure to accept the inspector's decision will result in the entire consignment being rejected.
10. The categories of sheep offered for sale will be defined on the entry form.
11. If any animal offered for sale has had semen or embryos collected from it the number of embryos/amount of semen in storage **must** be declared at point of sale.
12. The purchaser shall have no right to claim damages from the vendor in respect of indirect or consequential loss such as (but not limited to) loss of profit or any other loss whatsoever.
13. **Two substitutes**, per consignor permitted. Substitutes accepted on day of inspection.
14. The Texel Sheep Society reserves the right to blood sample any sheep and/or take wool samples for forensic testing.
15. Prize winners at the show prior to sale, which subsequently leave the ring unsold, forfeit all trophies and prize money awarded.
16. Once inspected, an animal must remain in the sale yard until offered for sale.
17. All sheep sold in guineas. All sheep sold at sales organised by the Society recognised Clubs will be subject to the Society levy amounting to 0.5% of the gross sale price; in addition a levy of 0.5% will be collected by the Club and the Auctioneers Commission.
18. All vendors must sign the declaration, agreeing to abide by the Club conditions of entry and conditions of sale, on the entry form.
19. There will be a minimum bid price of 180gns.
20. Committee reserve right to limit numbers if oversubscribed.
21. Entry Fee £10.00 per head plus VAT (£12.00 per head), charged directly via Texel Sheep Society via Direct Debit. £5.00 will be returned on all animals sold.
22. Scrapie Genotyping is no longer mandatory. If the Scrapie Genotyping is declared in the sale catalogue or at point of sale and subsequently found to be incorrect, for whatever reason, the purchaser shall have the right to return the animal and to claim the full purchase price from the vendor.
23. ALL Sheep will be sold under the Bye Laws governing sale of the Texel Sheep Society.

- **Saturday 10th December** – Show and Sale of Beltex Inlamb Females and Empty Ewe Lambs (on behalf of Beltex Scotland) followed by Select Seven Texel Sale of Inlamb Females and Empty Ewe Lambs

Inbreeding within the national pedigree Texel flock

Use the Mating Predictor Tool now on iTexel

Members are encouraged to use the mating predictor on iTexel to manage levels of inbreeding within their flocks. You cannot assess ewe/ram combinations by eye. The Mating Predictor estimates the inbreeding value of the offspring from a particular pairing.

The predictor is available on your smart phone as well as desktop

To check the ram(s) you're interested in purchasing and see how they combine with your ewes:

1. Login to iTexel, click Mating Predictor
2. Choose 'New Combination' to select a Sire and Ewes
3. Click 'View Results'
4. A summary will appear with the number in brackets displaying the predicted inbreeding coefficient. A coefficient below 7 is desirable

Inbreeding can be defined as the mating of related individuals, or of individuals with shared ancestors. A balance needs to be maintained between selecting animals to optimise rates of genetic gain and minimise levels of inbreeding.

Increasing levels of inbreeding can result in inbreeding depression, where performance can suffer. It can be argued that any animal is only one mating away from being outbred.

Each animal's inbreeding coefficient value is now displayed in the sales catalogue. The lower the level of inbreeding the better; a value of 7% or below is regarded as an acceptable level of inbreeding within a breeding programme.

PART TWO REDUCTION SALE OF RUSHA TEXEL FLOCK

(On behalf of Messrs JW Gibb & Son)

Welcome to Part Two of the Rusha Dispersal.

We were overwhelmed by the response to Part One of our sale last year, and would like to take this opportunity to thank everyone for their support.

The Rusha flock was established in 1796 with a single ewe lamb purchased in the French importation. Successes at Royal Highland Show include Breed Champion in 1986, Fleece Champion in 1988 and 1989 and the Carcase Champion in 1997.

In November 2021, we sold a pen of six Cast Ewes to a new centre record at that time at Lanark Agricultural Centre.

Gimmers are all on the Heptavac P Scheme and will all be insured with NFU Mutual Insurance at the fall of the hammer for 500gns and over.

Pairs of gimmers at the end of the sale will be sold for choice.

As always, we thank everyone who has helped to get us to this point today, and wish everyone the best of luck with their purchases going forward.

George, Mary & Nicola Gibb
Rusha Texels

DISPERSAL SALE OF WESTWOODLANE TEXEL FLOCK

(On behalf of Mrs C A Toy)

The Westwoodlane flock began in 2010 when I purchased two in-lambs ewes at the Select Seven Sale. Over the years, I have added sheep from Ettrick, Watchknowe, Teiglum, Strawfrank, Grougfoot, Cambwell, Tima, and Boghouse flocks to develop a solid flock of well-bred sheep.

Along the way, Jimmy Warnock has acted as my mentor with assistance being given by Kenny O'Connor on show preparation. Thanks to them I went from being a complete beginner in 2010 to winning Texel Champion at Abington Show in 2019.

I have really enjoyed being part of the Texel community, making lots of friends along the way. Thank you all for being so patient and generous with your advice and guidance.

Unfortunately, a health scare has led me to realise that there are things on my bucket list I still want to do, so the time is right to move on.

Catherine Toy

LOT 238 – PRIVATE NUMBER PLATE - T44 XEL

My personalized number T44 XEL was great fun to have but is now surplus to requirements. I would like any proceeds from its sale to go to Breast Cancer Care and Cancer Research.

Please note - 1 in 7 women are now getting breast cancer, and 1 in 100 men are also getting it. So be sure to get anything suspicious checked out.

DISPERSAL SALE OF WHITLAW TEXEL FLOCK (On behalf of Messrs T & I Walling)

The Whitlaw flock of Texels was founded in 2009 with the purchase of 12 embryos from the Ettrick flock. Further gimmers have been purchased in over the years from Gray-Peel, Haddo, Hallrigg and Harestone.

We have had plenty of success in both the show and sales rings over the years with sheep regularly receiving prizes at the Royal Highland Show. In the sale ring, gimmers, tup lambs and ewe lambs have been sold to top flocks both privately and at National and Club Sales.

Notable sires used over the years include, Knock Papoose, Teiglum Windfall, Mullan Chancellor and Hexel Del Boy all of which feature in the pedigrees of the sheep on offer.

Our entire flock is on offer here today and we wish all the purchasers the very best of luck with our genetics in the future.

Ian Walling

DISPERSAL SALE OF AUCHENCORTH TEXEL FLOCK (On behalf of Mr G Brown)

The flock was established in 2015 when we bought 4 females from the Brookfield Flock Dispersal Sale of which my dad and Gemma were the owners of.

Since then, we have worked to establish a flock of between 20-30 ewes, buying in 3-4 females over the time to establish new lines. Purchasing 2 gimmers from Milnbank in 2020, 1 from Logie Durno and a ewe lamb from Hoylee in 2021 all 3 from online H&H Sales.

The desire of our flock was to breed our own replacements, lambs for pure sales and shearlings for Kelso whilst retaining tups for use in our own commercial flock all of which we have achieved.

Gavin Brown
Auchencorth flock
