GENERAL INFORMATION & CONDITIONS OF SALE

The usual Auctioneers' Conditions of Sale, as recommended by the L.A.A. and as recommended by Builth Market Auctioneers will apply. A copy of these Conditions is exhibited in the market and it is assumed that purchasers will be conversant with the contents.

Strictly payment on the day for all lots purchased.

DISCLAIMER

The pedigree, performance, genomic information stored by the Society in the iTexel database and published on society pedigree certificates, reports and general publications is as supplied by, or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not with the British Texel Sheep Society Ltd (BTSS). Health information and footnotes that are stored in iTexel and published in sales catalogues produced by the society, is supplied by or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Texel Sheep Society Ltd (BTSS).

Performance data and breeding values change over time as new data becomes available. Whilst every effort is made to ensure accuracy of the information contained in society reports and publications, no responsibility can be accepted by the Society for any errors or any reliance on the use of information. No warranty is given in respect thereof by the BTSS and, to the maximum extent permitted by law, the BTSS have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained or omitted from BTSS publications.

The sale will commence at 1 p.m. The sale will be under the Sales Conditions of Hereford and Builth Market Auctioneers under the auspices of the Livestock Auctioneers Association. Copies are available from the Auctioneers and will be displayed at the sale. All the sheep will be sold in guineas (105 pence) and strictly in catalogue order.

SCANNING RESULTS All ewes will have been scanned and results will be available on sale day. This in no way guarantees the number of lambs at birth. If any female sheep which is described in the catalogue or at the time of sale as being "scanned in lamb" or in lamb proves not to have been in lamb at the sale and within 7 days after the day of sale the Purchaser gives written notice to the Auctioneers of his intention to return the animal supported by a Veterinary Surgeon's certificate that such sheep has proved not to have been in lamb then the purchaser may return such sheep to the Vendor.

PEDIGREE CERTIFICATES & SCRAPIE GENOTYPE CERTIFICATES Pedigree Certificates will be available at the Auction Mart Office on the day of sale, together with Scrapie Genotype Certificates. All sheep in the sale are Full Pedigree Registered.

ONLINE & TELEPHONE BIDDING

The Sale will be streamed on-line via the Auctioneers Online auction platform. Full details will be available closer to the sale date. For further information regarding online bidding, please contact Greg Christopher on 07770 972015 or Rory Matthews 07983 465226.

The Auctioneers will also be able to conduct telephone bids on the day, please contact either Greg Christopher 07770 972815 or Rory Matthews 07983 465226.

adding value

The Texel Sheep Society provides performance recording services directly to its membership and continues to support the National Terminal Sire Evaluation.

Traits Available	Average	Top 25%	Top 10%
Litter size Indicates prolificacy, number of lambs born alive/dead	0.06	0.09	0.12

Terminal Index Profitable slaughter lambs	167	197	224

The aim of EBVs is to allow buyers to see how much of an animal's performance is due to its breeding (genetics) and how much has been influenced by the environment that they have been kept in – management, feeding, farm location, housing etc

An animal will pass on half of its genetic merit to its offspring.

e.g., if Ram A has a Scan Weight EBV of +3.33 then his progeny at scanning will be over 1.5kg heavier than average

Inbreeding within the national pedigree Texel flock

Use the Mating Predictor Tool now on iTexel

Members are encouraged to use the mating predictor on iTexel to manage levels of inbreeding within their flocks. You cannot assess ewe/ram combinations by eye. The Mating Predictor estimates the inbreeding value of the offspring from a particular pairing.

The predictor is available on your smart phone as well as desktop

To check the ram(s) you're interested in purchasing and see how they combine with your ewes:

1. Login to iTexel, click Mating Predictor
2. Choose 'New Combination' to select a Sire and Ewes
3. Click 'View Results'
4. A summary will appear with the number in brackets displaying the predicted inbreeding coefficient. A coefficient below 7 is desirable

Inbreeding can be defined as the mating of related individuals, or of individuals with shared ancestors. A balance needs to be maintained between selecting animals to optimise rates of genetic gain and minimise levels of inbreeding.

Increasing levels of inbreeding can result in inbreeding depression, where performance can suffer. It can be argued that any animal is only one mating away from being outbred.

Each animal's inbreeding coefficient value is now displayed in the sales catalogue. The lower the level of inbreeding the better; a value of 7% or below is regarded as an acceptable level of inbreeding within a breeding programme.

BLAENCAR FLOCK

We are delighted to have been invited to sell at the Builth Babes sale this year.

2022 has been a good year on the show and sales front and we were awarded the Champion Texel flock within the South Wales Club.

The yearling ewes for sale were part of the winning group of gimmers in the South Wales Club competition and are sired by some notable and proven sires including the 30,000gns Teiglum Crackerjack, 16,000gns Sportsmans Cannonball, 13,000gns Usk Vale Crackerjack and 6,500gns Blaencar Bandit.

All ewes have been Enzo and Toxo vaccinated.

We wish purchasers the best of luck with the ewes.

CLAYBURY FLOCK

Claybury Texels have forward for Builth Babes 2022:

7 Yearling ewes

Fantastic pedigrees which are all in lamb to some very exciting Sires (Scanning details will be announced on the day of sale)

&

5 Ewe Lambs

Some exciting individuals with depth of pedigree

Claybury Texels was established back in 1991 with the purchase of 2 In Lamb ewes with the primary aim to produce top quality commercial rams to sell at the local club sales as well as privately.

We never dreamt that back in 2002 we would break the ram lamb record where we sold Claybury Istabraq for 88,000gns and more latterly the ewe lamb record of 8,500gns back in 2008. Both of these records have since been broken.

We have had recent success with the sale of Claybury Basic Instinct in 2018 for 30,000gns at Carlisle and more recently Claybury Dunkirk for 34,000gns in 2020 at Lanark Premier sale.

We try and run the sheep as commercially as possible on a grass based system with forage crops used over winter to supplement the ewe lambs and x bred ewes.

We are active members of the recording scheme where all lambs are scanned at 12 weeks old.

We are excited to offer these females for sale all of which have excellent pedigree's with some being full sisters and same family lines as the top priced rams mentioned above. We have also offered Flock ewes of which some have been flushed successfully.

We are confident that these females on offer will offer something for everyone and should make a useful genetic contribution to any breeders and can be an outstanding base for any new flocks within the Texel breed.

Flock Health Status:

We have always practised a preventative health plan.

- On the Hep P system – received 18th August 2022 (due for booster 4 weeks prior to lambing)
 - Yearling ewes – Received Toxovax 8th July 2022
-

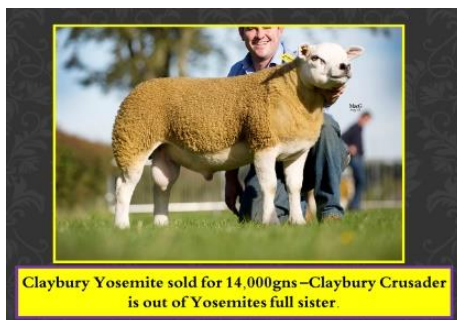

- MV Accredited & Scrapie Monitored
- Lambs Scabi-Vac 48 hrs after birth
- Ewes Fluked and Wormed 14th September 2020 prior to tupping
- Ewes received All-Vit Mineral Drench prior to tupping

I wish all the prospective purchasers the very best of luck with the purchase of any Claybury Stock.

Look forward to seeing you at the sale.

Best Wishes

James Draper

CLAYBURY Service Sires:

AMAN FLOCK

For the second Built Babes sale, we're giving a rare chance to buy one of our donor ewes in her prime. DYA1900716 was 1st prize gimmer and reserve champion in the Dyfed Club show 2020.

She is the dam of two of the three ram lambs that made up our first prize group of 3 at the main Solway and Tyne sale, Carlisle this year.

She is the dam of two of the four ewe lambs that were the first prize group in the South Wales Club show this year and that went on to be champions, both of which are also entered in this sale.

We're looking forward to the sale and look forward to seeing you all, Nadolig Llawen.
