We are excited with the new service sires which have been used on this year's batch of gimmers from the heart of all flocks.

All sheep are scanned in-lamb and details will be given on sale day.

We wish all purchasers every success with all of their sheep, and a Merry Christmas and a Happy New Year!

Pre lambing prep is paramount

THOMPSONS

FEEDING INNOVATION

As lambing season nears, it's a good time to review dietary protein levels, since udder development and milk supply are particularly sensitive to protein nutrition.

If your forage is low in protein, feeding Thompsons' Super Hi-Lamb Ewe Nuts for the next 2-3 weeks will correct the protein shortfall at the critical stage of pregnancy, when there is a spurt in lamb development and the ewe requires key nutrients.

For further help and advice, contact Thompsons' Technical Team or your local sales representative.

The aim of EBVs is to allow buyers to see how much of an animal's performance is due to its breeding (genetics) and how much has been influenced by the environment that they have been kept in – management, feeding, farm location, housing etc

*An animal will pass on half of its genetic merit to its offspring.
e.g., if Ram A has a Scan Weight EBV of +3.33 then his progeny at scanning will be over 1.5kg heavier than average*

Tullagh Flock

John & Richard Currie

The Tullagh flock have selected 6 in lamb gimmers for the impressive Festive Cracker line up. The gimmers are sired by Hexel Dallas 7.5K, without question the largest ram used within the flock, making a name for himself in the shearling ring with sons selling readily to 3K at Ballymena. Another sire, Ballygroogan Distraught has eluded to live up to his name, and proven himself as a breeder of quality siring Kildowney Evo sold for 5.8K, and has left some flash in his females at Tullagh.

The gimmers are in lamb to Craighead Eyecatcher purchased jointly for 5.5K, sire of the overall Champion at this years Premier sale for Fairywater. New kid Teiglum Firecracker purchased privately with Firgrove Texels back in August is another service sire used. Firecracker has developed well, and was placed 2nd in this years NI Flock Junior stock ram competition.

Gimmers are all scanned in lamb to their ai date 21st September, and are abortion vaccinated, fluke/worm drenched, Heptavac P+, and dipped. The flock is scrapie monitored, and all sheep sold over 600gns insured for 3 months.

We wish all buyers success with their purchases, and thank everyone involved in the Festive Cracker sale. Tel. Richard 07707 811818

Bellefield Flock

The Bellefield flock began in 2016 with our foundation purchases from Hull House, Milnbank & Tamnamoney. The flock has grown consistently to around 20. The gimmers we are offering this year are by the much admired Harestone Crackerjack who's bred tremendously & Bellefield Don Pablo a retained son of Crackerjack.

We are excited to put forward 3 gimmers inlamb to our new purchase Haddo Floyd who's dam won the ewe class at the Textravaganza, along with the rest inlamb to 5k Corbo Eye Devil.

Our most important family that being our great Tamnamoney ewe is again represented with being the grand dam of our special gimmer for sale 'Ellie' who's the same family as 3k Dee Dee, 4k Double Dutch, 2.2k Dash Of Class & 2.4k Evie making her a really exciting prospect. We are grateful to be selling in the Festive Crackers.

The flock is Scrapie Monitored, MV Accredited & all stock is on the Heptavac P system & insured for 3 months. Wishing all our purchasers the best of luck & a Happy Christmas.

All gimmers are in lamb to Plasucha Folklore that won the Champion Junior stock ram in the flock competition 2022.

2022 was another good year for Mullan Texels and we have summarised some of the flocks highlights below :-

- Mullan Firefly 7500 gns Lanark 22
