The Texel Sheep Society provides enhanced data collection and performance reporting services to its membership and supports the National Terminal Sire Evaluation.

texelplus indexes have been updated, making them simpler to use and understand.

In simple terms: higher value = higher profit per lamb

The texelplus economic indexes support the breed's development with an increased focus on commercial traits and profitability. The **TERMINAL** and **REPLACEMENT INDEXES** reflect the breed's influence on industry. Both are presented as the potential extra profit per lamb born in a commercial setting, compared to the population average.

Index	Average	Top 25%	Top 10%	Top 5%	Top 1%
Terminal Expected change in profit per terminal lamb born	£4.03	£5.13	£6.12	£6.71	£7.81
Replacement Expected change in profit per replacement lamb born	£4.23	£5.37	£6.40	£7.01	£8.17

The **TERMINAL INDEX** supports increased profitability through improving prime lambs and is weighted strongly for meat production. The **REPLACEMENT INDEX** includes additional maternal traits to optimise production of female replacements.

Commercial producers solely producing prime lambs should use the **TERMINAL INDEX** to inform their selection; however, those retaining female replacements should use the **REPLACEMENT INDEX**.

Sub-indexes underpin the indexes to provide more information on the relative values of growth, carcass quality, reproduction, and adult size.

An example

High ranking rams deliver over £6.00 per lamb more than lower-ranking rams.

Over a ram's working lifetime, this is easily worth an extra £1,500 per ram;

generated through shorter finish times and improved carcass quality.

USK VALE FLOCK USK VALE PEDIGREES

We would firstly like to welcome extend a warm welcome to everyone to the sale of the entire Usk Vale flock. What started off as a hobby many years ago has turned into a passion, to breed the best Texel sheep we possibly could. We are grateful to meet some great friends through the breed and have been given some fantastic opportunities. We would like to thank everyone that has supported and helped us over the years, without you all of this would not be possible. A big thank you must go my father who supported me so much in the early years and more recently Sophia, is never far away, from lambing to sales prep and all the guys at home that are there on a day to day basis. We are honoured to of be able to achieve all the success we have had within the breed, but most importantly seeing Usk Vale sheep going on and breed for others.

The flock was founded on purchasing top quality females from the country's top flocks of the time, carefully selecting straight, honest, easy fleshing sheep, with all the extra pedigree qualities that we love the Texel for. More recently upon the move to Llandrindod Wells to partner with Paul, we were lucky enough to have had the opportunity to purchase the Knock flock, from Albert and George Howie of West Knock. The quality and depth of breeding their ewes offered has shined through in the Texel breed for many years.

Many families have shone through at Knock including the great Knock Yardsman line, arguably the most influential and is noted throughout the recent history of the breed is the 05034 family. HAK05034 bred over £300,000 worth of progeny for the Howie's. Her pedigree features in many of the top sheep in the breed to date. Many for the Knock bred sheep in the sale are close descendants of this great ewe. The combination of both flocks bloodlines gives you, as a purchaser, a unique, exciting opportunity to purchase ewes and embryos from the heart of flocks top families. We have mated and flushed the ewes in line with our normal breeding programme. Lastly, we would like to thank everyone for their support and kind words in the lead up to the sale.

We hope you all can join us in Carlisle for refreshments and viewing of the sheep from 4pm 28th December, ahead of the sale on the 29th. A special mention must go to all that have helped us over the years and in the run up to the sale with the preparation of the sheep, without you, none of this would have been possible.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
- 2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
