PURE TEXEL BREEDING SHEEP
(Shearling Rams, Ram Lambs, Shearling Ewes)

**FOR THE
CENTRAL SOUTHERN TEXEL BREEDERS GROUP**

Under the Auspices of
THE BRITISH TEXEL SHEEP SOCIETY LTD

THURSDAY 11TH SEPTEMBER 2025

Show at 10 am - Sale at approx. 12.15 pm

Salisbury Auction Centre
Netherhampton Road
Salisbury SP2 8RH
Tel 01722 321215 Sale Day 07891 388672
www.scauctioneers.com

AUCTIONEERS SPECIAL NOTES

An inspection panel will be present at the sale with the authority to disqualify any sheep misrepresenting the rules or with genetic faults. Sheep that do not pass the inspection will not be presented for sale in the Club Sale. All sheep must be inspected.

Sheep must be presented in a natural state. They must not be soap washed or trimmed and are only permitted to be dipped in non-bloom dip and their faces and legs washed.

Sheep will be required to be penned by 9 am.

The following minimum weight standards will apply – Shearling Rams 80 kgs and Ram Lambs 50 kgs.

ALL SHEEP MUST BE ACCOMPANIED BY AN MV ACCREDITED CERTIFICATE. ALL SHEEP MUST HAVE BEEN TREATED FOR SCAB WITH AN APPROVED TREATMENT.

CONDITIONS OF SALE

All sheep will be sold under the Auspices of the Texel Sheep Society and the Conditions of sale relevant to individual sales as shown below. These can be viewed at www.texel.co.uk/societyrules

RAMS

The vendor warrants that any ram at this sale is sold capable of and effective at natural service. This is a 10 week warranty.

FEMALES

The vendor warrants all sheep at this sale are sound on tooth and udder unless otherwise stated at the time of sale.

NB. WHILE EVERY CARE IS TAKEN AND THE AUCTIONEERS WILL DO THEIR UTMOST TO CHECK ANIMALS FOR DEFECTS, THE FINAL ONUS REMAINS WITH THE PURCHASER.

Auctioneers also display copies of the Conditions of sale within the auction house.

DISCLAIMER

The pedigree, performance, genomic information stored by the Society in the iTexel database and published on society pedigree certificates, reports and general publications is as supplied by, or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not with the British Texel Sheep Society Ltd (BTSS).

Health information and footnotes that are stored in iTexel and published in sales catalogues produced by the society, is supplied by or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Texel Sheep Society Ltd (BTSS).

Performance data and breeding values change over time as new data becomes available.

Whilst every effort is made to ensure accuracy of the information contained in society reports and publications, no responsibility can be accepted by the Society for any errors or any reliance on the use of information. No warranty is given in respect thereof by the BTSS and, to the maximum extent permitted by law, the BTSS have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained or omitted from BTSS publications.

The Texel Sheep Society provides data collection and performance reporting services to its membership. The National British Texel sheep evaluation combines pedigree and genomic data to provide Indexes that are simple to use and understand.

Higher value = more profit per lamb

texelplus economic indexes support the breed's development with a focus on commercial traits and profitability. Over the last five years there has been a 15% increase in the rate of genetic gain in the terminal index, providing increased benefits to commercial producers choosing Texel.

Index	Average	Top 25%	Top 10%	Top 5%	Top 1%
Terminal Expected change in profit per terminal lamb born	£4.12	£5.38	£6.51	£7.19	£8.46
Replacement Expected change in profit per replacement lamb born	£4.80	£6.19	£7.46	£8.21	£9.62

The **TERMINAL** and **REPLACEMENT INDEXES** reflect the breed's influence on industry, with both presented as the potential extra profit per commercial lamb born, over the population baseline. The **TERMINAL INDEX** is weighted for meat production and supports increased profitability through improving prime lambs. The **REPLACEMENT INDEX** includes additional maternal traits to optimise production of female replacements.

Commercial producers solely producing prime lambs should use the **TERMINAL INDEX** to inform their selection; however, those retaining female replacements should use the **REPLACEMENT INDEX**.

Sub-indexes underpin the indexes to provide more information on the relative values and ranking of animals for growth, fat and muscle weight, and reproduction.

An example

High ranking rams can deliver over £3.00 more per lamb than lower-ranking rams. Over a ram's working lifetime, this is easily worth an extra £690 per ram; generated through shorter finish times and improved carcass quality.

Understanding **texelplus** indexes in catalogues

 Dam: TXX2200007(2) by PLUMDALE DESIRABLE XYZ2000893(2)

Born: 25/02/2025
 Inbreeding coefficient: 0.2

	Growth	Muscle weight	Fat weight	Repro.	Index	Index Acc.	Ranking
Terminal	TOP 1%	TOP 25%	AVG+	TOP 5%	£8.82	69%	TOP 1%
Replacement	TOP 1%	TOP 25%	AVG+	TOP 1%	£10.06	67%	TOP 1%

Trait weighting

Different emphases given to individual traits in the terminal and replacement indexes, resulting in different sub-index ranks.

AVG+ indicates above-average animals.

Growth

The benefit from growth using eight-week weight and scan weight information.

Faster growth is more advantageous.

Fat weight

Ranking for fat weight in the carcass.
 Encourages fat cover.

Reproduction

The commercial benefit of lambing ease, litter size and maternal ability.
 Promotes optimum litter sizes and better mothers.

Muscle weight

Ranking for muscle weight in the carcass.
 Encourages muscle growth.

Accuracy

A measure of the accuracy of the index.
 The higher the number the better.

Index values

The sum of the sub-index values and potential profit per lamb born.

Ranking

Where the animal ranks in the population.

Further information on texelplus services and help on understanding breeding values and indexes is available at <https://texel.uk/texelplus/>
