1. **Pre-Sale Inspection: Thursday 18th September: 9.30am – 12.00noon**
This will be carried out by a panel appointed by the Northern Area Texel Sheep Breeders, together with a Veterinary Surgeon. Vendors must ensure that all entries are penned and available for inspection from 9.00am onwards and no later than 11.30am. On the afternoon prior to the sale you are invited to view the sheep on offer. Refreshments will be available

2. The sale will be held in strict catalogue order.

Thursday 18th September: Females (Lots 1 – 168) at 6.00pm
145 Shearling Ewes, 23 Ewe Lambs

Friday 19th September: Rams (Lots 169 - 491) at 10.30am
222 Shearling Rams, 3 Aged Ram
88 Ram Lambs

Ballot for order of sale took place on Wednesday 23rd July at 1.00pm by members of the committee & show steward.

3. **CONDITIONS OF SALE:**

These are printed in the catalogue, and where they are silent, the General Conditions of Sale displayed in the Market shall take effect.

4. Substitutes (which should be entered on iTexel by 11th September) should be clearly marked with a red dot.
5. Vendors must ensure that the lot number and ear number shown in the catalogue correspond.
6. Café and Restaurant facilities will be available at the Livestock Centre throughout the day.
7. **HOTEL ACCOMODATION:** A list of Hotel and Guest Houses is available from the Auctioneers. Early booking is advisable.
8. **STRAW IS NOT PROVIDED FOR THE PENS.** Please do not use shavings.

SHOW RULES

1. All vendors are limited to 1 sheep per class
2. All vendors showing sheep must wear white coats
3. Judging will commence at 2.00pm on Thursday 18th September
4. All prize winners will be sold in catalogue order
5. Prize money will be forfeited if sheep not sold

NOTICE TO VENDORS: The auctioneers would be obliged if vendors who are not attending with entered sheep would inform them as soon as possible.

All sheep must be accompanied by a ARAMS form and a current SAC form, completed and signed, and available for inspection prior to unloading.

Please unload all sheep on docks 21-24.

AUCTIONEER'S CONDITIONS OF SALE

1. **BIDDING:** the highest bidder shall be the purchaser and any dispute which arises shall be settled by the Auctioneer who shall regulate the bidding and have the right to refuse a bid.
2. **GUINEAS:** All sheep at the sale shall be sold in guineas unless otherwise stated.
3. **PURCHASER'S RESPONSIBILITY:** Each lot shall be at the sole risk of the purchasers at the fall of the hammer.
4. **PAYMENT:** All purchases shall be paid for on the day of sale direct to the Auctioneers before removal and no lot to be removed without written authority of the Auctioneers. Cheques will not be accepted unless prior arrangements with the Auctioneers have been made. Where a purchaser defaults in payment, the Auctioneers reserve the right to re-sell the lot and to charge the purchaser with any expenses and loss incurred by the reason of the failure of the Purchaser to complete his purchase. The Auctioneers reserve the right to charge interest at the current bank overdraft rate on any outstanding accounts from the day of sale unless special arrangements have been made with the Auctioneer in this respect.
5. **DESCRIPTION:** The descriptions are supplied by the vendors who alone are responsible for details and accuracy. The auctioneers will not be answerable in respect of any errors which may occur in the catalogue. The Auctioneers may make an intimation of any alteration or modification of the catalogue description of any lot immediately before the asking for bids. The Auctioneer shall be the sole and executive judge of the fact of such intimation and the terms in which it is made.
6. Any dispute over warranties, pedigrees or matters not dealt with specifically in these conditions will be settled in accordance with the rules of the British Texel Sheep Society.
7. The Sales Committee may appoint, at their discretion, an arbitrator acting under the Arbitration Acts for the time being in force, in order to resolve any dispute. In each case the person having the reference shall have full power to include in his award provisions for costs and expenses including the keep and transport of the animal.
8. Without prejudice to the discretion of any person making an award as aforesaid, the purchaser shall be responsible for the cost of returning the animal to the sale yard or elsewhere at the Auctioneers' discretion and the vendor shall pay reasonable lairage until collection of that lot.
9. Purchasers are responsible for ascertaining the genotype of individual sheep from the vendors.

CONDITIONS OF SALE

All sheep will be sold under the Auspices of the Texel Sheep Society and the Conditions of sale relevant to individual sales. These can be viewed at texel.uk/societyrules
Auctioneers also display copies of the Conditions of sale within the auction house.

DISCLAIMER

The pedigree, performance, genomic information stored by the Society in the iTexel database and published on society pedigree certificates, reports and general publications is as supplied by, or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not with the British Texel Sheep Society Ltd (BTSS).

Health information and footnotes that are stored in iTexel and published in sales catalogues produced by the society, is supplied by or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Texel Sheep Society Ltd (BTSS).

Performance data and breeding values change over time as new data becomes available. Whilst every effort is made to ensure accuracy of the information contained in society reports and publications, no responsibility can be accepted by the Society for any errors or any reliance on the use of information. No warranty is given in respect thereof by the BTSS and, to the maximum extent permitted by law, the BTSS have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained or omitted from BTSS publications.

The Texel Sheep Society provides data collection and performance reporting services to its membership. The National British Texel sheep evaluation combines pedigree and genomic data to provide Indexes that are simple to use and understand.

Higher value = more profit per lamb

texelplus economic indexes support the breed's development with a focus on commercial traits and profitability. Over the last five years there has been a 15% increase in the rate of genetic gain in the terminal index, providing increased benefits to commercial producers choosing Texel.

Index	Average	Top 25%	Top 10%	Top 5%	Top 1%
Terminal Expected change in profit per terminal lamb born	£4.12	£5.38	£6.51	£7.19	£8.46
Replacement Expected change in profit per replacement lamb born	£4.80	£6.19	£7.46	£8.21	£9.62

The **TERMINAL** and **REPLACEMENT INDEXES** reflect the breed's influence on industry, with both presented as the potential extra profit per commercial lamb born, over the population baseline. The **TERMINAL INDEX** is weighted for meat production and supports increased profitability through improving prime lambs. The **REPLACEMENT INDEX** includes additional maternal traits to optimise production of female replacements.

Commercial producers solely producing prime lambs should use the **TERMINAL INDEX** to inform their selection; however, those retaining female replacements should use the **REPLACEMENT INDEX**.

Sub-indexes underpin the indexes to provide more information on the relative values and ranking of animals for growth, fat and muscle weight, and reproduction.

An example

High ranking rams can deliver over £3.00 more per lamb than lower-ranking rams. Over a ram's working lifetime, this is easily worth an extra £690 per ram; generated through shorter finish times and improved carcass quality.

Inbreeding coefficient: 0.2

Trait weighting

Different emphases given to individual traits in the terminal and replacement indexes, resulting in different sub-index ranks. AVG+ indicates above-average animals.

Growth

The benefit from growth using eight-week weight and scan weight information. Faster growth is more advantageous.

Fat weight
Ranking for fat weight in the carcass. Encourages fat cover.

Reproduction

The commercial benefit of lambing ease, litter size and maternal ability. Promotes optimum litter sizes and better mothers.

Muscle weight

Ranking for muscle weight in the carcass. Encourages muscle growth.

Accuracy
A measure of the accuracy of the index. The higher the number the better.

Index values
The sum of the sub-index values and potential profit per lamb born.

Ranking
Where the animal ranks in the population.

Further information on texelplus services and help on understanding breeding values and indexes is available at <https://texel.uk/tixelplus/>
