DISCLAIMER

The pedigree, performance, genomic information stored by the Society in the iTexel database and published on society pedigree certificates, reports and general publications is as supplied by, or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not with the British Texel Sheep Society Ltd (BTSS).
Health information and footnotes that are stored in iTexel and published in sales catalogues produced by the society, is supplied by or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Texel Sheep Society Ltd (BTSS).
Performance data and breeding values change over time as new data becomes available.
Whilst every effort is made to ensure accuracy of the information contained in society reports and publications, no responsibility can be accepted by the Society for any errors or any reliance on the use of information. No warranty is given in respect thereof by the BTSS and, to the maximum extent permitted by law, the BTSS have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained or omitted from BTSS publications.

The Texel Sheep Society provides data collection and performance reporting services to its membership. From 2024, the service and evaluation combines pedigree and genomic data to provide indexes that are simple to use and understand.

In simple terms: higher value = higher profit per lamb

The texelplus economic indexes support the breed’s development with an increased focus on commercial traits and profitability. The **TERMINAL** and **REPLACEMENT INDEXES** reflect the breed’s influence on industry. Both are presented as the potential extra profit per lamb born in a commercial setting, compared to the population average.

Index	Average	Top 25%	Top 10%	Top 5%	Top 1%
Terminal					
Expected change in profit per terminal lamb born	£4.12	£5.38	£6.51	£7.19	£8.46
Replacement					
Expected change in profit per replacement lamb born	£4.80	£6.19	£7.46	£8.21	£9.62

The **TERMINAL INDEX** supports increased profitability through improving prime lambs and is weighted strongly for meat production. The **REPLACEMENT INDEX** includes additional maternal traits to optimise production of female replacements.
Commercial producers solely producing prime lambs should use the **TERMINAL INDEX** to inform their selection; however, those retaining female replacements should use the **REPLACEMENT INDEX**.
Sub-indexes underpin the indexes to provide more information on the relative values and ranking of animals for growth, fat and muscle weight, and reproduction.

An example

High raking rams deliver over £3.00 per lamb more than lower-ranking rams. Over a ram’s working lifetime, this is easily worth an extra £690 per ram; generated through shorter finish times and improved carcass quality.

Trait weighting

Different emphases given to individual traits in the terminal and replacement indexes, resulting in different sub-index ranks. AVG+ indicates above-average animals.

Growth

The benefit from growth using eight-week weight and scan weight information. Faster growth is more advantageous.

Fat weight

Ranking for fat weight in the carcass. Encourages fat cover.

Reproduction

The commercial benefit of lambing ease, litter size and maternal ability. Promotes optimum litter sizes and better mothers.

Muscle weight

Ranking for muscle weight in the carcass. Encourages muscle growth.

Accuracy

A measure of the accuracy of the index. The higher the number the better.

Index values

The sum of the sub-index values and potential profit per lamb born.

Ranking

Where the animal ranks in the population.

SCOTTISH TEXEL SHEEP BREEDERS CLUB

CONDITIONS OF SALE

1. All sheep to be Maedi Visna accredited flocks and must be accompanied by the relevant documentation
2. All female sheep **MUST BE FULLY REGISTERED** and all male sheep to be fully registered or birth notified and thereby eligible for full registration with the Texel Sheep Society.
3. Adult sheep entered at Shows and Sales under the auspices of the Texel Sheep Society must be bare clipped after 1st April each year.
4. All sheep will be subject to a club inspection. Any animal or group of animals, which do not reach the club standard, will not be eligible for sale. **The decision of the inspectors will be final** and any animal or group of animals failed will be removed from the sale and forfeit the entry fee and failure to accept the inspector's decision will result in the entire consignment being rejected. When an animal is referred to a Veterinary Surgeon, his decision will be final.
5. No dressing, artificial whitening, clipping or excessive use of dips on the fleeces of sheep will be permitted. An inspector may be present at the sale with the authority to disqualify any sheep, which in **his opinion**, are below a minimum standard with regard to breed type or are found to be contravening the Society Bye-laws, right up to the point of sale.
6. Ram Lambs are limited to a maximum of 6 sale entries per flock.
7. All sheep shall be penned by 8.00a.m. on morning of sale. Inspection will commence at 7.30am, within the pens.
8. The Society requires that all pedigree Texel sheep carry two ear tags, in accordance with current government regulations, each clearly identifying the breeder's unique UK flock number and the Society flock book number allocated to that animal. One of the tags shall be an EID tag and the other a visual tag. Any animal with incorrect or indistinct identification or only carrying one tag will be rejected unless the Society has been notified in advance of the inspection and a dispensation certificate accompanies the animal to the point of inspection. Animals born prior to January 1st 2011 can be identified with a tag plus a tattoo for Society purposes. Hand written tags will not be acceptable for animals born after December 31st 2010. The decision of the inspector shall be final and failure to accept the inspector's decision will result in the entire consignment being rejected.
9. The categories of sheep offered for sale will be defined on the entry form.
10. If any animal offered for sale has had semen or embryos collected from it the number of embryos/amounts of semen in storage **must** be declared at point of sale.
11. The purchaser shall have no right to claim damages from the vendor in respect of indirect or consequential loss such as (but not limited to) loss of profit or any other loss whatsoever.
12. **Two substitutes**, per consignor permitted. Enter directly via iTexel by **Tuesday 16th September at 12noon**. (List available online/sale day). Substitute animals must be marked with a red dot in the loin.
13. The Texel Sheep Society reserves the right to blood sample any sheep and/or take wool samples for forensic testing.
14. Prize winners at the show prior to sale, which subsequently leave the ring unsold, forfeit all trophies and prize money awarded.
15. Once inspected, an animal must remain in the sale yard until offered for sale.
16. All sheep sold in guineas. All sheep sold at sales organised by the Society recognised Clubs will be subject to the Society levy amounting to 0.5% of the gross sale price; in addition, a levy of 0.5% will be collected by the Club and the Auctioneers Commission.
17. All vendors must abide by the Club conditions of entry and conditions of sale, on the entry form.
18. There will be a minimum bid price of 300gns.
19. Committee reserve right to limit numbers if oversubscribed.
20. Entry Fee £12.00 per head inclusive of VAT (£10.00 per head + VAT). £5.00 will be returned on all animals sold.
21. Scrapie Genotyping is no longer mandatory. If the Scrapie Genotyping is declared in the sale catalogue or at point of sale and subsequently found to be incorrect, for whatever reason, the purchaser shall have the right to return the animal and to claim the full purchase price from the vendor.
22. ALL Sheep will be sold under the Bye Laws governing sale of the Texel Sheep Society.

PART FIVE AND FINAL REDUCTION SALE OF THE RUSHA FLOCK

(On behalf of Messrs JW Gibb & Son)

The time has finally came for us to close the gate on our Texel journey.

As we enter our final dispersal, we would like to thank those who have helped us reach this stage.

Firstly to all previous buyers and under bidders, your support in the ring at Lanark, Kelso, Stirling and at home has been what has driven us to continue producing stock that people kept coming back for year after year.

Over the years, there have been many people who have helped us to produce stock and keep the wheels turning - friends who have become family. Whether it be lambing, clipping, sorting feet or getting sheep ready for sale, we couldn't have asked for a better team of helpers.

Euan Orr was one of those invaluable helpers, and is very dearly missed at Rusha. Euan is never far from our thoughts, so it only feels right that the last Texel offered from Rusha be donated in his memory to Neil's Hugs Foundation.

Thank you once again to all who have supported us this far, and we wish all buyers today the best of luck with your purchases.

A special mention must go to the team at Scrogtonhead for the use of the sire of this years gimmers, Midcombe Firefly. He has certainly made a mark and we are very happy with the breeding he has left - we hope you will be too.

Finally we must say a huge thank you to Brian, Jenna, Andy and the team at L&S for all your help and support and ensuring these sales have run so smoothly, it has made a difficult time a lot easier.

Whilst this is the end of our Texel line, we will always have some sheep at home to keep us busy, and visitors are always welcome.

George, Mary & Nicola Gibb

Rusha Texels

****PLEASE NOTE****

- All Gimmers are on the Heptavac system, have been plunge dipped and vaccinated against Bluetongue.
- All Luckpenny insured over 500gns.
- The final Gimmer is from an unregistered dam, and is sired by Midcombe Firefly.

UN-REGISTERED TEXEL GIMMER

(UK562989 02884)

Sire: MIDCOMBE FIREFLY MOE2200486(E2) by HAYMOUNT DIVINE KING

Dam: Un-Registered Texel

This Gimmer will be sold for Neil's Hugs Foundation.

PRODUCTION SALE OF THE LANGSIDE GIMMERS (On behalf of Messrs A Gray & Son)

The Langside flock is one of the oldest established flocks in the Texel Society flock book with the original females coming from the second importation of Texels.

During the first 20 years Grandfather Thomson kept the flock to breed lambs to sell at the Scottish sale and the 2nd club sale. However, the flock priorities changed and since 2003 the focus has been on breeding shearlings for Kelso, selecting rams on size, length, muscularity and easy fleshing.

The Texel ewes are run very commercially, lambing in March/April with the lambs being outside at a week old. We do operate a very strict culling policy with our ewes, so we do not breed from anything that has had any issues in the previous years.

Whilst some individual females were sold at Society sales in the early days and latterly Built II, this is the first major offering of females from the flock. Many of these gimmers would make a great addition to any flock and as foundation females for a starter flock.

We wish you the very best of luck with your purchases.

Alex, Grace, Russell, Margaret & Matthew

Langside Texels

Flock Health:

- Never had a case of MV.
- No CLA present.
- On Heptavac system.
- Vaccinated with Toxovac & Cevac Clamydia.
- Vaccinated for Blue Tongue (Bultavo3).
