DISCLAIMER

DISCLAIMER

The pedigree, performance, genomic information stored by the Society in the iTexel database and published on society pedigree certificates, reports and general publications is as supplied by, or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not with the British Texel Sheep Society Ltd (BTSS).

Health information and footnotes that are stored in iTexel and published in sales catalogues produced by the society, is supplied by or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Texel Sheep Society Ltd (BTSS).

Performance data and breeding values change over time as new data becomes available.

Whilst every effort is made to ensure accuracy of the information contained in society reports and publications, no responsibility can be accepted by the Society for any errors or any reliance on the use of information. No warranty is given in respect thereof by the BTSS and, to the maximum extent permitted by law, the BTSS have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained or omitted from BTSS publications.

The sale will commence at 12 noon. The sale will be under the Sales Conditions of Hereford and Bulth Market Auctioneers under the auspices of the Livestock Auctioneers Association. Copies are available from the Auctioneers and will be displayed at the sale. All the sheep will be sold in guineas (105 pence) and strictly in catalogue order.

SCANNING RESULTS All ewes will have been scanned and results will be available on sale day. This in no way guarantees the number of lambs at birth. If any female sheep which is described in the catalogue or at the time of sale as being “scanned in lamb” or in lamb proves not to have been in lamb at the sale and within 7 days after the day of sale the Purchaser gives written notice to the Auctioneers of his intention to return the animal supported by a Veterinary Surgeon’s certificate that such sheep has proved not to have been in lamb then the purchaser may return such sheep to the Vendor.

PEDIGREE CERTIFICATES & SCRAPIE GENOTYPE CERTIFICATES Pedigree Certificates will be available at the Auction Mart Office on the day of sale, together with Scrapie Genotype Certificates. All sheep in the sale are Full Pedigree Registered.

TELEPHONE BIDDING Phone bids can be arranged prior to the sale by contacting the auctioneer Rory Matthews on 07983 465226. Please note that there will be no online bidding available for this sale.

The Texel Sheep Society provides data collection and performance reporting services to its membership. The National British Texel sheep evaluation combines pedigree and genomic data to provide Indexes that are simple to use and understand.

Higher value = more profit per lamb

texelplus economic indexes support the breed's development with a focus on commercial traits and profitability. Over the last five years there has been a 15% increase in the rate of genetic gain in the terminal index, providing increased benefits to commercial producers choosing Texel.

Index	Average	Top 25%	Top 10%	Top 5%	Top 1%
Terminal Expected change in profit per terminal lamb born	£4.12	£5.38	£6.51	£7.19	£8.46
Replacement Expected change in profit per replacement lamb born	£4.80	£6.19	£7.46	£8.21	£9.62

The **TERMINAL** and **REPLACEMENT INDEXES** reflect the breed's influence on industry, with both presented as the potential extra profit per commercial lamb born, over the population baseline. The **TERMINAL INDEX** is weighted for meat production and supports increased profitability through improving prime lambs. The **REPLACEMENT INDEX** includes additional maternal traits to optimise production of female replacements.

Commercial producers solely producing prime lambs should use the **TERMINAL INDEX** to inform their selection; however, those retaining female replacements should use the **REPLACEMENT INDEX**.

Sub-indexes underpin the indexes to provide more information on the relative values and ranking of animals for growth, fat and muscle weight, and reproduction.

An example

High ranking rams can deliver over £3.00 more per lamb than lower-ranking rams. Over a ram's working lifetime, this is easily worth an extra £690 per ram; generated through shorter finish times and improved carcass quality.

Trait weighting

Different emphases given to individual traits in the terminal and replacement indexes, resulting in different sub-index ranks. AVG+ indicates above-average animals.

Growth

The benefit from growth using eight-week weight and scan weight information. Faster growth is more advantageous.

Fat weight

Ranking for fat weight in the carcass. Encourages fat cover.

Reproduction

The commercial benefit of lambing ease, litter size and maternal ability. Promotes optimum litter sizes and better mothers.

Muscle weight

Ranking for muscle weight in the carcass. Encourages muscle growth.

Accuracy

A measure of the accuracy of the index. The higher the number the better.

Index values

The sum of the sub-index values and potential profit per lamb born.

Ranking

Where the animal ranks in the population.

TREFEG FLOCK

We are delighted to be part of Builth Babes for a second year!

This year we bring 3 flock ewes to Builth, and they won't disappoint, all 3 are sired by the Duhonw Dynamo who has left his stamp on our flock. Sons have been sold to £2.5k and females to £1.8k privately from these blood lines.

All 3 will be due the last week of March, served naturally to our Thornbury Hulk. Scanning results will be posted on Facebook and announced sale day.

We're also bringing 6 late March/April born ewe lambs along, 5 sired by Hulk and one by Eglur Hercules, who's sired by Blaencar Gladiator. Huge potential in these girls.

Health Status:

- MV accredited
- Footvaxed
- Heptavac P System
- BTV vaccinated (Bultavo 3)
- Ewes are Enzo and Toxo vaccinated
- Lambs have had Zolvix 1/11
- All multivitamin drenched with Brinicombe Stock Booster

All the sheep we have forward will be luckpenny insured. We wish all prospective purchasers best of luck with the purchase of our flock.

HOLTRIDGE & STAR RIDGE FLOCKS

We're thrilled to have been invited to take part in the Bulth Babes sale this year, especially since we've attended and bought livestock there since its beginning. Due to a job change and our children's exams, we've made the difficult choice not to flush this year. As a result, we're offering three of our flush team and the pick of the ewe lambs for sale, while only keeping two gimmers to lamb ourselves.

These sheep truly represent our goals since returning to Texels in 2017: strong breed character, white hair, and great carcass quality! Our small flock consists of just a few ewes, which we usually flush each year, aiming to implant 20–30 embryos. Despite our size, we're proud of what we've achieved, including:

- Female Champion Worcester, sold for £4,200
- Reserve Female Champion Lanark, sold for £2,000
- Reserve Male Champion Textravaganza, sold for £6,000
- Champion Newport Show
- Reserve Champion Shropshire Show
- Holtridge Honky Tonk £11,000

We are offering members from both this year's and last year's show team, including a ewe that placed 10th at the National Textravaganza in Carlisle last year and a ewe lamb that was 1st and Reserve Female Champion at this year's Shropshire Show.

Flock Health Status:

- Part of the Texel Plus Recording Scheme
- On the Hep P system
- Scrapie Monitored
- Ewe Lambs Wormed with Zolvix 15th November
- Ewes Mineral Bolused prior to tupping 23rd August
- Ewes Footvax 22nd July
- Ewes Enzovax and Toxovax July 2024
- All Bultavo3 Blue Tongue Vaccinated 22nd May

We wish all the prospective purchasers the very best of luck with any purchase. Look forward to seeing you at the sale. Davy Dunlop.

Service Sire and Sire of Ewe Lambs: Wedderburn Highlander

THORNBURY FLOCK

We are delighted to be back at Builth Babes again this year!

Thornbury Texels was established in 2017, with the purchase of top females from flocks such as Plasucha, Knap, Rhaeadr, Auldhouseburn. We strive to produce structurally sound, easy fleshing sheep with carcase, style and tight skins.

2025 has been the best year yet for the flock with tups selling to 19k and 14k. Females by Ettrick Grey Goose have also sold very well with 25 females averaging over £1700 this year to date.

Other Notable achievements for the flock this year include Overall Champion at English National and Male Champion at the Welsh National sale. We also had Overall Champion at Three Counties show in our only show outing of the year.

We wish everyone the best of luck with their purchases and hope they do well for you. Anyone unavailable to make the sale is more than welcome to come view beforehand by appointment.

AULDHOUSEBURN FLOCK

We are glad to be back at Builth Babes this year, amongst some of the top flocks in Wales. We are now into the year of daughters of 90,000 Hilltop Goliath, 16,000 Scholars Governor and Hope Valley Golden Balls, purchased privately. We have fourteen gimmers forward in total, including sisters to tup lambs we sold last year, daughters of some of our best known ewes and almost all in lamb to Okehall Hammerhead, Texel Sire of the year 2025, and his son, Auldhouseburn Impression, which we sold for 42,000 at Lanark, retaining a share afterwards. Gimmers we have sold previously have went on to great achievements, including breeding two sons at six figures, and we hope that today's follow on to their own successes!

All our gimmers are luckpenny insured and in the heptavac P scheme. For any queries before the sale ring Alan on 07809488555.

CLANFIELD FLOCK

Welcome to our 2025 Clanfield Texel entries.

It's been an incredible year for our flock, with several major highlights — including winning Female Champion at the Royal Three Counties Show. Our sold females have also been out doing the business on the show circuit, taking top results such as:

- Female Champion at the Devon County Show (Trevor Prew)
- Interbreed Champion at the Bath & West Show, with a gimmer jointly owned with Antony Carter

What is most pleasing is how strongly our Clanfield pedigree lines are now appearing across the major flock books within the breed. They certainly breed the goods.

This year, we are offering five top-quality gimmers from the very best lines in our flock, many tracing back to the same families as Clanfield Golden and our strongest female lines. These gimmers have been sired by two leading tups and will be offered in lamb to either:

- Okehall Hammer Head – Stock Tup of the Year
- Sportsman Ice Breaker – Our exciting new young stock tup

We're delighted to share these gimmers and their potential with you. Thank you for your interest, and we wish all buyers every success with their purchases.

Wishing you a Merry Christmas and a successful New Year,

James
Clanfield Texel

AMAN FLOCK

Champion Dyfed Club Flock Competition
Reserve Champion All Wales Flock Competition

Knap Gate Crasher on Knap Angus Ogg daughters or grand daughters provide the back bone of this entry. These tups have brought us a lot of success since we bought Angus Ogg in 2017, including two All Wales flock titles.

We think that Tophill Interceptor will provide an excellent fit for these gimmers. He's a rare combination of character and power with silky white hair.

We had a successful flushing day so have decided to offer embryo pregnancies for sale. These are by Interceptor out of DYA2000777. She is from the line that produced Aman Ken Annwyl 5,200gns Worcester and Aman Urddas 3,200gns Carlisle where he was 1st prize MLC ram lamb. She has been shown once, and won the aged ewe class at the Dyfed Club Show in Llandeilo in August.

We were also lucky to have the use of Auldhouseburn Izzy Bizzy, full brother to the famous 60,000gns Auldhouseburn In Business Now.

All Aman lots have been vaccinated against Blue Tongue and with Enzovax, Toxovax and Heptavac P.

We wish all buyers and bidders every success. Nadolig Llawen a Blwyddyn Newydd Dda.
