

Society Fees

from 1st June 2026

This notice supersedes all previous notices of fees and overrides ANY saved or printed material which you may have in your possession
All fees take effect from 1st June 2026

**Members that have not signed up to use iTexel online and completed a DD mandate on GoCardless are charged a 50% surcharge on the online fees as detailed below for birth notifications, female registrations and transfers. To change to online and DD please contact the Society office.*

Male and Female Birth Notifications

	1st Jan - 31st May in Year of Birth	1st June - 31st Dec in Year of Birth
Standard BN fees (online*)	£2.50 (£3.00 inc VAT)	£12.62 (£15.14 inc VAT)
Embryo Transfer BN fees (online*)	£10.40 (£12.48 inc VAT)	£19.72 (£23.66 inc VAT)
Contact the Society office to birth notify lambs after their year of birth.		

Female Registrations (having previously been birth notified)

	By 15th June in Year of Birth (YOB)	16th June YOB - 31st October in year following YOB	1st November year following YOB onwards
Online	£8.16 (£9.79 inc VAT)	£9.43 (£11.32 inc VAT)	£12.57 (£15.08 inc VAT)

Male Registrations (having previously been birth notified)

	1st July - 30th November	1st December - 30th June
Method	Office/Admin only	
	£22.50 (£27.00 inc VAT)	£95.42 (£114.50 inc VAT)
Male registration will only be permitted if a genotype has been issued through the Society's genotyping service (see below). For purchased rams that require a male registration, the Society requires 'proof of purchase' in the form of a copy of the 'invoice of sale' or 'movement document'. Upload these documents via the 'DNA Kit' button on your flock's iTexel homepage (itexel.uk). Failure to provide a DNA sample will prevent your ram from being registered along with their resultant progeny. In exceptional circumstances an appeal process is available, subject to fees and costs. Genotyping does not automatically trigger registration, registration must be requested separately to genotyping.		

Genotyping Service

1st January - 31st December
Online Only
£25.00 (£30.00 inc VAT)
Fee includes provision of DNA kit and return postage, along with Scrapie, Microphthalmia and MV genotypes and sire/dam verification (if sire/dam genotype available), made available through the Gene-tex section on your flock's iTexel homepage (itexel.uk). No paper reports will be issued.

Import Registrations

Imports will only be accepted following receipt of a pedigree certificate from a recognised authority. Male import registration will only be permitted once a genotype has been issued through the Society's genotyping service

	Office/Admin
Male	£27.14 (£32.57 inc VAT)
Female	£17.89 (£21.47 inc VAT)

Transfers

Females must be registered by the breeder before transfer.
Males are transferred during the registration process.

1st January - 31st December
Online*
£10.73 (£12.88 inc VAT)

Terms of Membership relating to fees
