AUCTIONEER'S CONDITIONS OF SALE

1. **BIDDING:** the highest bidder shall be the purchaser and any dispute which arises shall be settled by the Auctioneer who shall regulate the bidding and have the right to refuse a bid.
2. **GUINEAS:** All sheep at the sale shall be sold in guineas unless otherwise stated.
3. **PURCHASER'S RESPONSIBILITY:** Each lot shall be at the sole risk of the purchasers at the fall of the hammer.
4. **PAYMENT:** All purchases shall be paid for on the day of sale direct to the Auctioneers before removal and no lot to be removed without written authority of the Auctioneers. Cheques will not be accepted unless prior arrangements with the Auctioneers have been made. Where a purchaser defaults in payment, the Auctioneers reserve the right to re-sell the lot and to charge the purchaser with any expenses and loss incurred by the reason of the failure of the Purchaser to complete his purchase. The Auctioneers reserve the right to charge interest at the current bank overdraft rate on any outstanding accounts from the day of sale unless special arrangements have been made with the Auctioneer in this respect.
5. **DESCRIPTION:** The descriptions are supplied by the vendors who alone are responsible for details and accuracy. The auctioneers will not be answerable in respect of any errors which may occur in the catalogue. The Auctioneers may make an intimation of any alteration or modification of the catalogue description of any lot immediately before the asking for bids. The Auctioneer shall be the sole and executive judge of the fact of such intimation and the terms in which it is made.
6. Any dispute over warranties, pedigrees or matters not dealt with specifically in these conditions will be settled in accordance with the rules of the British Texel Sheep Society.
7. The Sales Committee may appoint, at their discretion, an arbitrator acting under the Arbitration Acts for the time being in force, in order to resolve any dispute. In each case the person having the reference shall have full power to include in his award provisions for costs and expenses including the keep and transport of the animal.
8. Without prejudice to the discretion of any person making an award as aforesaid, the purchaser shall be responsible for the cost of returning the animal to the sale yard or elsewhere at the Auctioneers' discretion and the vendor shall pay reasonable lairage until collection of that lot.
9. Purchasers are responsible for ascertaining the genotype of individual sheep from the vendors.

CONDITIONS OF SALE

All sheep will be sold under the Auspices of the Texel Sheep Society and the Conditions of sale relevant to individual sales. These can be viewed at [texel.uk/societyrules](https://www.texel.uk/societyrules)
Auctioneers also display copies of the Conditions of sale within the auction house.

DISCLAIMER

The pedigree, performance, genomic information stored by the Society in the iTexel database and published on society pedigree certificates, reports and general publications is as supplied by, or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not with the British Texel Sheep Society Ltd (BTSS).

Health information and footnotes that are stored in iTexel and published in sales catalogues produced by the society, is supplied by or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Texel Sheep Society Ltd (BTSS).

Performance data and breeding values change over time as new data becomes available. Whilst every effort is made to ensure accuracy of the information contained in society reports and publications, no responsibility can be accepted by the Society for any errors or any reliance on the use of information. No warranty is given in respect thereof by the BTSS and, to the maximum extent permitted by law, the BTSS have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained or omitted from BTSS publications.

BLUE TONGUE

All animals are sold as having no known “clinical signs of Bluetongue” at the time of sale

It is the responsibility of prospective purchasers to inspect the animals before purchase, to satisfy themselves that the animals they intend to purchase have no clinical signs of Bluetongue infection.

Unlock the Genetic Potential of Your Texels

Genotyping provides the confidence and information today's breeders and buyers rely on, delivering:

- + Verified pedigrees through parentage verification
- + Valuable health information (see table below)
- + More accurate performance figures, particularly in young lambs
- + Greater confidence when selecting future breeding stock
- + Faster genetic progress in commercially important traits
- + Trusted information that adds value for potential buyers

	Scrapie	Microphthalmia	Maedi Visna
Most resistant (desirable)	ARR/ARR	G/G	1,1 4,4 1,4
Genetically resistant, need careful breeding selection	ARR/AHQ ARR/ARH ARR/ARQ	C/G (Carrier)	
Little resistance, need careful breeding selection	AHQ/AHQ AHQ/ARH AHQ/ARQ ARH/ARH ARH/ARQ ARQ/ARQ		
Susceptible, can be used to breed towards more resistance			*,1 *,4 1,* 4,*
Most susceptible			2,2 3,3, 2,3

ET donors (born from 2025-onwards) and males to be registered must be genotyped otherwise their progeny will not be able to be added to iTexel.

All other stock can be genotyped to provide more flock insights. DNA kits can be requested for any animal as soon as it has been added to iTexel.

Scan the QR code to learn more about the Society's genotyping

New Stock Rams

Remember to register your new stock rams before 1st December from the lower registration fee.

Already genotyped?

- Email registrations@texel.co.uk with your proof of purchase.
- Once confirmed, your ram will be transferred into your flock.

Not yet genotyped?

- Request a DNA kit through the DNA Kit page on iTexel.
- Take the sample and return it to the Society office.

Performance Pays with Texel Indexes
Breed Better. Buy Smarter. Reduce Risk.

Texel Performance Indexes are designed to help commercial producers and pedigree breeders identify animals with the greatest potential to improve flock profitability.

Higher Value = Higher Potential

Animals are ranked to make selection simple; high index Texel rams (Top 5% and above) add over £650 to their commercial progeny compared to those ranked as average.

Which Index?

Prime lamb producers should use the **terminal index** as this is weighted for meat production.

Pedigree breeders and producers retaining female replacements should use the **replacement index** as this balances maternal and carcass traits.
