

South Eastern Texel Group Ram Sale

South East Marts

on

Saturday 5th September 2026

Show at 9:00am

Sale at 10:30am

**OFFICIAL AUCTIONEERS
SOUTH EAST MARTS**

Hailsham Market, Market Street, Hailsham, East Sussex BN27 2AG

CONDITIONS OF SALE

All sheep will be sold under the Auspices of the Texel Sheep Society and the Conditions of sale relevant to individual sales. These can be viewed at texel.uk/societyrules

Auctioneers also display copies of the Conditions of sale within the auction house.

DISCLAIMER

The pedigree, performance, genomic information stored by the Society in the iTexel database and published on society pedigree certificates, reports and general publications is as supplied by, or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not with the British Texel Sheep Society Ltd (BTSS).

Health information and footnotes that are stored in iTexel and published in sales catalogues produced by the society, is supplied by or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Texel Sheep Society Ltd (BTSS).

Performance data and breeding values change over time as new data becomes available.

Whilst every effort is made to ensure accuracy of the information contained in society reports and publications, no responsibility can be accepted by the Society for any errors or any reliance on the use of information. No warranty is given in respect thereof by the BTSS and, to the maximum extent permitted by law, the BTSS have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained or omitted from BTSS publications.

Kindly sponsored by Duffields Feeds and Cliffe Farm Vets

****All animals to be health inspected prior to sale****

Unlock the Genetic Potential of Your Texels

Genotyping provides the confidence and information today's breeders and buyers rely on, delivering:

- + Verified pedigrees through parentage verification
- + Valuable health information (see table below)
- + More accurate performance figures, particularly in young lambs
- + Greater confidence when selecting future breeding stock
- + Faster genetic progress in commercially important traits
- + Trusted information that adds value for potential buyers

	Scrapie	Microphthalmia	Maedi Visna
Most resistant (desirable)	ARR/ARR	G/G	1,1 4,4 1,4
Genetically resistant, need careful breeding selection	ARR/AHQ ARR/ARH ARR/ARQ	C/G (Carrier)	
Little resistance, need careful breeding selection	AHQ/AHQ AHQ/ARH AHQ/ARQ ARH/ARH ARH/ARQ ARQ/ARQ		
Susceptible, can be used to breed towards more resistance			*,1 *,4 1,* 4,*
Most susceptible			2,2 3,3 2,3

ET donors (born from 2025-onwards) and males to be registered must be genotyped otherwise their progeny will not be able to be added to iTexel.

All other stock can be genotyped to provide more flock insights. DNA kits can be requested for any animal as soon as it has been added to iTexel.

Scan the QR code to learn more about the Society's genotyping

service

New Stock Rams

Remember to register your new stock rams before 1st December to benefit from the lower registration fee.

Already genotyped?

- Email registrations@texel.co.uk with your proof of purchase.
- Once confirmed, your ram will be transferred into your flock.

Not yet genotyped?

- Request a DNA kit through the DNA Kit page on iTexel.
- Take the sample and return it to the Society office.

Performance Pays with Texel Indexes

Breed Better. Buy Smarter. Reduce Risk.

Texel Performance Indexes are designed to help commercial producers and pedigree breeders identify animals with the greatest potential to improve flock profitability.

Higher Value = Higher Potential

Animals are ranked to make selection simple; high index Texel rams (Top 5% and above) add over £650 to their commercial progeny compared to those ranked as average.

Which Index?

Prime lamb producers should use the **terminal index** as this is weighted for meat production. Pedigree breeders and producers retaining female replacements should use the **replacement index** as this balances maternal and carcass traits.

TEXEL SHEEP SOCIETY | TEXEL SOCIETY (TXL)

10 TEXEL SOCIETY JAMES BOND

TXL2601234(1)

Born: 01/04/2026

Scrapie: ARR/ARR | Microphthalmia: G/G | MV: 1,4

Inbreeding 0.0

DNA-verified sire TEXEL HULK by STONELEIGH FOREMOST

DNA-verified dam TXL2409050(2) by TEXEL GREATEST SHOWMAN

	Growth	Musc. wt	Fat weight	Repro.	Index	Index Acc.	Ranking
Terminal	TOP 1%	TOP 1%	TOP 1%	AVG+	£11.68	82%	TOP 1%
Replacement	TOP 1%	TOP 1%	TOP 1%	TOP 25%	£11.79	81%	TOP 1%

Sub-indexes for growth, muscle and fat weight and reproduction allow breeders and commercial producers to identify animals that offer advantages in areas to suit their production goals. E.g. targeting a ram that ranks highly for fat weight for mating to lean females, to produce lambs that finish well.

Accuracy Matters

Indexes are backed by an accuracy percentage - giving confidence in how reliably an animal will pass traits on to the next generation. Higher accuracy reduces risk and supports confident breeding decisions.

Why Use Performance Information?

- ✓ Improve flock efficiency
- ✓ Increase carcass value
- ✓ Breed replacements with stronger maternal traits
- ✓ Make informed purchasing decisions
- ✓ Select genetics with confidence
